Division [REDACTED]

JUDGMENT

NOW ON THE 22nd day of February, 2022, the Petitioner appeared in person and by attorney. The Court took up for hearing Petitioner’s petition, evidence was adduced and the cause was taken under advisement. The Court now being fully advised of the evidence and applicable law finds and orders as follows:

Petitioner seeks a change of name pursuant to §527.270 RSMo, and Rule 95 of the Missouri Rules of Civil Procedure. The verified petition and evidence adduced satisfied the Petitioner’s burden to establish that a name change is proper and not detrimental to the interests of any other person. Therefore, the petition for name change is sustained and Petitioner’s name shall be changed to [REDACTED].

Petitioner further seeks an order directing the Missouri Department of Health and Senior Services, Bureau of Vital Records to amend Petitioner’s birth certificate to change Petitioner’s sex from male to female. Petitioner’s request is governed by §193.215.9 RSMo, which states the Bureau may amend a birth certificate:

Upon receipt of a certified copy of an order of a court of competent jurisdiction indicating the sex of an individual born in this state has been changed by surgical procedure and that such individual’s name has been changed, the certificate of birth of such individual shall be amended.

(Emphasis added)

Petitioner provided uncontroverted evidence that Petitioner was born in this state and that Petitioner’s sex had been changed from male to female by surgical procedure. As noted herein above, this Court has granted Petitioner’s change of name. The evidence in the record, therefore, meets the statutory standard. The petition to amend Petitioner’s birth certificate is sustained. The State of Missouri shall amend Petitioner’s birth certificate to state Petitioner’s sex is female as ordered hereinbelow.
